### Experience

#### Book Cover Designer

CLI - Community Literature Initiative  
May - June 2023 Remote

- Illustrated cover for one of two authors per request.
- Revised covers based on author and CLI feedback for final draft.
- Met with 2 assigned authors to discuss wishes for their cover and come up with sketches for book cover.
- Layed out and created first drafts of covers for author review.
- Delivered packaged files, cover files, and printing files to CLI for publishing.
- Communicated with the organization to properly format the book cover file in Adobe Indesign.

#### Freelance Artist

Meetup Platform Engineering Group  
Feb 2019 - Mar 2019  
New York

- Created a logo for Meetup Platform Engineering Team.

#### Art and Animation Intern

Cherny Goods Company  
Jun 2020 - Sep 2020  
River Edge, New Jersey, United States

- I was an Intern at a small leather goods company, creating artwork for various uses, writing descriptions for products, and etc.
- Designed a logo for the company
  - Created a style guide and social media images for business
  - Created artwork tooled onto leather goods
  - Designed background and components for Live Streaming channel on Twitch.tv
  - Animated notifications, interactive stage elements, and state screens for Twitch channel
  - Edited product photographs
  - Used Adobe Illustrator and Adobe Acrobat to create PDF templates for guidebooks for sale
  - Designed and ordered a brass maker's mark for use in hot foiling
  - Wrote descriptions and picked tags for product listings
  - Used Trello project management software to collaborate with team members
